

**SOUTHERN PINES**  
HEALTHY PET CLINIC

Do you have a passion for helping pets in need? Are you looking for a position that is personally fulfilling?

## **Make a difference for community pets with Southern Pines Healthy Pet Clinic.**

We have openings for two full-time and/or part-time Veterinarians at our clinic location in Hattiesburg, MS. We are excited to offer flexibility, a positive work/life balance, a variety of work responsibilities, and a chance to flourish!

We have an opening in our **Spay/Neuter Program**, a low-cost HQHVSN program for public animals where over 90,000 spays and neuters for cats and dogs have already been performed. We have both part-time and full-time openings in this department. This position is Monday through Friday with no weekend requirements.

We have two openings in our **Wellness Program**. We currently provide low cost wellness services to the Pine Belt area 6 days a week. This program offers a flexible work week. If you are interested in a full-time position we offer a 3, 4 or 5 day work week. We are hoping to add a Lead Veterinarian to help grow, develop, and manage this program.

We consider our focus to be on veterinarian-driven medicine, and as such look forward to sharing knowledge and expertise with support staff and clients.

Our Southern Pines Healthy Pet Clinic has become a role model in the field of animal welfare. Our mission for over a decade has been to reduce pet overpopulation within the Pine Belt and surrounding communities through spay and neuter and to help keep pets healthy, well, and home with their families. Our goal is to be a community resource for animals in need, and toward that end, we work with rescues, shelters, and private clients to provide affordable veterinary care.

**The higher volume and lower prices we offer are never achieved at the expense of quality. We believe in a strong team concept where all staff are valued and appreciated. If you enjoy a fast-paced environment, thinking on your feet, and being part of a caring team, our Healthy Pet Clinic could be the next step in your career!**

# VETERINARIAN
